Report on the Financial Statements

We have audited the accompanying financial statements of CAWCD Insurance Company, Inc. (the Company), a component unit of the Central Arizona Water Conservation District (CAWCD), which comprise the statements of net position as of December 31, 2022 and 2021, and the related statements of revenues, expenses, and changes in net position and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Company, as of December 31, 2022 and 2021, and the respective changes in its financial position, and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Board of Directors
CAWCD Insurance Company, Inc.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Reporting Entity

CAWCD Insurance Company, Inc. (the Company) is a blended component unit of the Central Arizona Water Conservation District (CAWCD). The primary objective in forming the Company is to provide stable insurance coverage by ensuring availability of appropriate coverage for lower layers of CAWCD's insurance program, controlling and managing the claims process, developing specific loss prevention/loss control services, and stabilizing the changes in self-insured retention, perils covered and premiums charged for CAWCD's insurance program.

The Company was incorporated under the laws of the state of Hawaii and formed to be a nonprofit captive insurance company pursuant to Article 19 of Chapter 431 of the Hawaii Revised Statutes. The Company received its Certificate of Authority from the Hawaii Insurance Division on December 18, 2003. The Certificate of Authority enables the Company to operate as a captive insurance company in the state of Hawaii. CAWCD is the sole member of the Company and was initially capitalized with \$350,000, of which \$250,000 was required. Effective January 1, 2012, the Company was required to increase its capitalization by \$2,000,000.

The Company insures the following risks, by policy, for the period January 1, 2021 to January 1, 2023:

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Health Benefits

The Plan offers first day health benefits (including dental and vision) to full-time employees working 30 or more hours per week and Central Arizona Water Conservation District retirees, their beneficiaries and covered dependents. The cost of health care services is recognized as a deduction in the period in which it is provided to participants. Liabilities for health claims incurred but not reported are estimated by an independent actuary.

Basis of Accounting

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America as applicable to an enterprise fund of a governmental unit. Accordingly, the accrual basis of accounting is utilized, whereby revenues are recorded when they are earned, and expenses are recorded when the liability is incurred.

The operating revenues and expenses of the Company generally result from providing insurance coverage to CAWCD and Affiliates in connection with the Company's ongoing operations.

Cash, Cash Equivalents, and Deposits

The Company's cash and cash equivalents are considered to be cash in bank and money market funds with maturities of 90 days or less when originally acquired. Escrow deposit relates to cash held in escrow to pay claims by the Company's claim administrator as of December 31, 2022 and 2021. The certificate of deposit has a maturity date extending beyond 90 days.

Reserve for Losses, Loss Adjustment, and Benefit Expenses

The reserve for losses, loss adjustment, and benefit expenses includes the unpaid accumulation of case estimates for losses reported; estimates for losses incurred but not reported, and estimates of expenses for investigating and adjusting incurred losses. In estimating the unpaid loss, loss adjustment and benefit expenses, the Company and its consulting actuaries, employ methods and assumptions they consider reasonable and appropriate given the information currently available. The reserve for losses, loss adjustment and benefit expenses is based upon the aggregated loss experience of CAWCD and is estimated using individual case-basis valuations and statistical analysis. These estimates are subject to the effects of trends in loss severity and frequency. Management believes the reserve for losses, loss adjustment, and benefit expenses is adequate. The estimates are continually reviewed and adjusted, as necessary, as experience develops or new information becomes known; the effects of such adjustments are included in current operations.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Reserve for Losses, Loss Adjustment, and Benefit Expenses (Continued)

There is a level of uncertainty inherent in the evaluation of the required losses, loss adjustment and benefit expense reserves for the Company. The long-tailed nature of liability claims adds to the uncertainty. The ultimate costs of claims are dependent upon future events, the outcomes of which are affected by many factors.

The Company's claim reserving procedures and settlement philosophy, current and perceived social conditions, economic inflation, current and future court rulings and jury attitudes, improvements in medical technology, and many other economic, scientific, legal, political, and social factors all can have significant effects on the ultimate costs of claims. Since the emergence and disposition of claims are subject to uncertainties, the net amounts that will ultimately be paid to settle the liability may vary significantly from the estimated amounts provided for in the accompanying financial statements. Any adjustments to reserves are reflected in the operating results of the periods in which they are made.

Excess Insurance

CAWCD uses excess insurance to reduce exposure to losses for the Company. Excess insurance permits recovery of a portion of losses, although it does not discharge the primary liability of the Company as direct insurer of the risks insured.

Premium Revenue

The Company derives all of its premium revenue from CAWCD. Premiums are earned on a pro-rata basis over the term of the related policies. Premiums related to the unexpired terms of the policies are reported as unearned.

Use of Estimates in Preparing Financial Statements

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America. The preparation of those financial statements requires management to make a number of estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Such estimates and assumptions could change in the future, as more information becomes known which could impact the amounts reported and disclosed herein. Management believes that its estimates and assumptions are reasonable in the circumstances; however, actual results could differ from those estimates.

CAWCD is authorized to self-insure workers' compensation in the state of Arizona. The state of Arizona requires CAWCD to establish segregated funds for the payment of losses and claims for the self-insured workers' compensation program. CAWCD utilized the Company's captive insurance authority to meet the state of Arizona requirement.

The Company manages its exposure to interest rate risk by limiting the weighted average maturity of its money market mutual funds to 90 days. The Company's money market mutual funds are unrated.

NOTE 3 PREMIUMS

In 2020, CAWCD began to pay excess insurance premiums directly to third-party insurers. Previously, several of the premiums were paid to the Company and then remitted to the third-party insurer. Premiums for CAWCD's insurance policies covering property, general liability and other casualty risks, the health benefits program, and the workers compensation self-insured accounts are paid to third-party administrators for covered claims. Beginning with policies effective January 1, 2020, premiums include funding for administrative expenses.

For the policy periods January 1, 2021 to January 1, 2023, the Company's premium revenue consisted of the following:
