

11/09/16

With the release of the draft *CAP System Use Agreement* between CAP and the Bureau of Reclamation, we are pleased to invite you to our stakeholder discussion.

**Key components of the System Use Agreement:**

- **FIRMING:** How stored water can be used to increase the reliability of CAP supplies
- **WHEELING:** How new supplies can be transported through the CAP system
- **EXCHANGES:** How current CAP supplies can be used more flexibly

Copies for your review can be found [here](#).

We hope to see you on the 22<sup>nd</sup>!
