

Roundtable to Discuss Establishment of a System Improvement Fee for CAWCD Wheeling Contracts

To issue CAWCD Wheeling Contracts, the CAP System Use Agreement requires Reclamation approval of a project that adds Operational Capability to the CAP System. In February, Reclamation approved the “Western Impeller CAP System Improvement Project,” with 41,000 acre-feet of projected capability. CAP Staff are proposing that wheeling parties pay a one-time System Improvement Fee for project construction and for the benefit of Project Water users.

Thursday, June 12

8:30am – 10am

CAP Headquarters

23636 N 7th Street, Phoenix, AZ 85024

Lake Mead Conference Room
